

Summary of carboNZero certification:

Oceania Printing Technologies Limited

Oceania Printing Technologies Limited (also trading as Ricoh South Pacific) meet the requirements of carboNZero^{Cert™} certification having measured its greenhouse gas emissions in compliance with ISO 14064-1:2006, committed to managing and reducing its emissions and neutralised the remaining unavoidable emissions through the cancellation of an appropriate number of verified carbon credits in respect of the operational activities of its organisation, excluding Ricoh Operations in the South Pacific Islands

Oceania Printing Technologies Ltd

Introduction¹ – Oceania Printing Technologies Ltd (OPTL) T/A Ricoh South Pacific is an Exclusive Authorised Ricoh Dealership that specialises in document printing and management solutions throughout New Zealand and the South Pacific. Ricoh South Pacific has dealer offices in Tonga, Samoa, American Samoa, Niue, Cook Islands, Vanuatu, Tuvalu and Solomon Islands. The carboNZero programme has thus assisted OPTL in identifying and prioritising cost effective opportunities for ongoing reductions in GHG emissions in the business. By engaging with the carboNZero programme, OPTL has developed initiatives aimed at directly reducing emissions, as well as intentions to develop relevant plans for future implementation, and plans directed at raising awareness and embedding a culture of environmental sustainability amongst its staff and clients. This includes practicable steps to reduce or mitigate the effects of vehicle fuel consumption, electricity usage and air travel. For OPTL, accepting responsibility for the impacts of its business upon the environment is of central to its everyday business activities.

Boundary – The boundary for the preparation of OPTL's greenhouse gas (GHG) inventory is for one site. All business activities have been included.

Consolidation approach – operational control

Base year – 01/04/2010 to 31/03/2011 (the base year has changed this year due to additional emissions sources included in this inventory, previous base year = 01/04/2009 to 31/03/2010)

Measurement period – 01/04/2010 to 31/03/2011
