

Summary of carboNZero certification: Stanley Interiors Auckland limited

Stanley Interiors Auckland Limited meets the requirements of the carboNZero^{Cert™} certification having measured its greenhouse gas emissions in compliance with ISO 14064-1, committed to managing and reducing its emissions and mitigated its remaining unavoidable emissions in respect of the operational activities of its organisation.

Introduction¹ – Stanley Interiors is a specialist provider of retail shopfitting and commercial interiors solutions. The company is a specialist business unit within the Stanley Group Ltd. Stanley Interiors provides turnkey solutions for corporate clients, supported by the Stanley Group's commercial construction and management. Stanley Interiors has 3 full time employees and is supported by the Stanley Group's administration and accounting units.

Boundary – the diagram below shows the organisational structure used for describing Stanley Interiors' greenhouse gas (GHG) emissions inventory, and what business units were included in the carboNZero certification. Yellow business units were excluded from the certification. Administration and Accounting has been measured but is excluded from the certification.

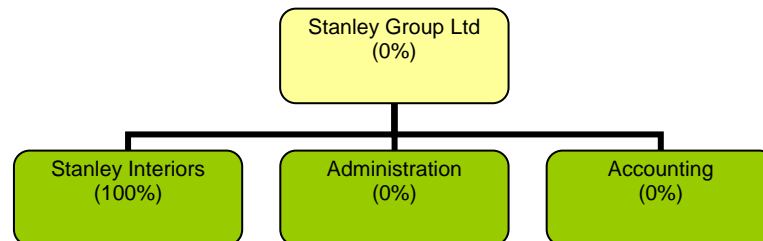

Figure 1: Stanley Interiors' legal structure.

Consolidation approach – operational control

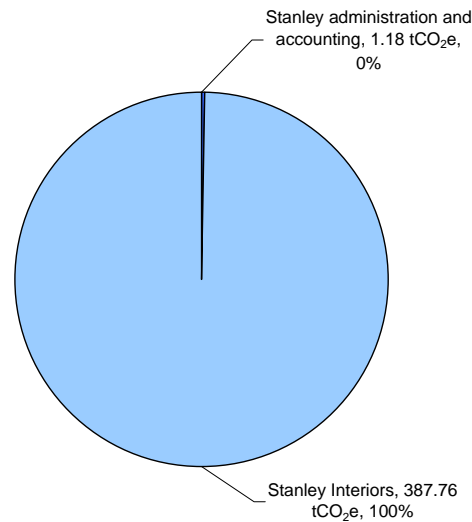

Base year – 01/11/2007 to 31/10/2008

Measurement period – 01/11/2007 to 31/10/2008

GHG emissions source inclusions – the diagram below shows the operational GHG emissions for Stanley Interiors by business activity. Stanley Interiors' total emissions for this period were 388.93 tonnes carbon dioxide equivalents (CO₂e) comprising 363.24 tonnes CO₂e Scope 1, 5.12 tonnes CO₂e Scope 2 and 20.58 tonnes CO₂e Scope 3 emissions.

¹ **Disclaimer:** This Disclosure Statement is a summary of the verified information considered for certification and the certification decision. It should not be taken to represent the full submission for certification. While every effort has been made to ensure that the information in this Disclosure Statement is accurate and complete, Landcare Research does not, to the maximum extent permitted by law, give any warranty or guarantee relating to the accuracy or reliability of the information.

Summary of carboNZero certification: Stanley Interiors Auckland limited

GHG emissions source exclusions – GHG emissions originating from contracted builder and architects were excluded from this inventory as Stanley Interiors does not have any operational control over these activities.

GHG emissions reduction commitments – Stanley Interiors has developed a GHG emissions reduction plan. Some projects in this plan include:

- Replacement of vehicles with more fuel efficient models
- Use of GPS to monitor vehicle mileage
- Reduce air travel and introduce video-conferencing facilities
- Plan for new premises that meets Green Building Council guidelines

Offset – 389 tonnes CO₂e. VERs² from PRE³ Tararua II windpower project. Serial numbers 331937 - 332325 have been cancelled (or equivalent) on carboNZero programme register.

Verified by – Prescott Horn

Threshold of materiality – Excluded emissions do not exceed 5% of the total footprint for small enterprise boundary stated.

Level of assurance – Reasonable assurance

Certification status – carboNZero certified “organisation”.

Certificate number – 2009046J

Valid until – 31 January 2010

Stanley Group Ltd, Stanley Interiors, Future Proof Building Centre, Level 1, 49 Main Highway, Ellerslie, Auckland, New Zealand Tel: +64 (0)9 590 80 00, Email: gary.caulfield@stanleygroup.co.nz, Web: www.stanleygroup.co.nz/page/49-Stanley-Interiors

² VERs are created by eligible projects for emissions reductions achieved up to the end of 2007.

³ PRE - Projects to Reduce Emissions is a New Zealand government scheme for projects that are eligible under the Joint Implementation initiative of the Kyoto Protocol – see www.mfe.govt.nz
